

## GOOLWA BOWLING ARM WRESTLE

On Thursday 24<sup>th</sup> May Goolwa hosted an inaugural arm bowlers “fun” day where arm bowlers and those wishing to use an arm had a great day’s competition. This day was called the bowling arm wrestle.

7 rinks of pairs played 12 ends, took a break for lunch then a couple of novelty events, firstly a long distant draw with just two bowls to a “jack” nearest being 0.45 m runner up being 0.46 m .

After this one bowl was used to draw around the green boundary to a “jack” and proceed to the last where a gate was set up to go through, this needed to be completed in just three attempts.

Each bowl had to pass the “jack” before entering the next phase passed the “jack” then onto the final end where the bowl needed to pass through between two “jack” a short distant apart; any player in the ditch on the round was out of the competition.

Needless to say not many made the final end.

I do not have the results of the day butt everybody enjoyed the format; I believe that Goolwa club is looking for ideas to vary the format so if you have any different events please let the Goolwa bowling club know so that it can be incorporated into future events.

Goolwa is prepared to host such an event on a regular basis so keep tuned in.

I have been sent photos of bowlers attending this event all who enjoyed the beginner. I will endeavour to get names to fit.
